

LEARNING MOMENT

Many compelling and thought-provoking responses have come forward in response to Brittany Maynard's campaign to end her own life: Attorneys' analyses of the devastating consequences of legalizing assisted suicide for a class of vulnerable people; personal testimonials by patients facing illnesses similar to Ms. Maynard's; reflections on human dignity in the face of human suffering; an open letter to Ms. Maynard from an internationally recognized advocate for brain cancer patients and their families; a witness from a nurse who has cared for decades for terminally ill patients, and faced the tragedy of suicide in her own family.

Below are some sites where you may find commentaries on this issue. Thank you for all you do to promote respect for God's precious gift of life!
